How should a luxury CUV behave? With respect and authority. In this driver’s seat, surrounded by fine materials and backed by the latest features, you feel the commitment. Lincoln MKX slips through traffic with 305 horsepower and 280 lb.-ft. of torque, accelerating quickly and smoothly to highway speed thanks to its highly advanced 3.7L Ti-VCT V6 engine with twin independent variable camshaft timing.

At the same time, it delivers excellent fuel efficiency: 8.8L/100 km (32 mpg) hwy and 12.2L/100 km (23 mpg) city. How? Thoughtful engineering. An example: When you open up Lincoln MKX on a straightaway and then back off on the gas pedal, the engine shuts off fuel flow during deceleration. This very precise timing technique gives you seamless power without consuming unnecessary drops of fuel to do it. New rules of engagement are now in effect.

CONSIDER IT THE LINCOLN CODE OF CONDUCT.
WHERE WILL YOU BE WHEN IT STRIKES?

Clouds suddenly appear overhead. Lincoln MKX is on high alert to help you navigate when the weather turns. This smart system responds to changing road conditions by transferring torque to the wheels with the best traction. Enduring confidence weathers the storm.1

Intelligent all-wheel drive

A spectacular curve unfolds before you. You sense the urge to take over. Feel free with Lincoln MKX. It invites you to upshift and downshift right on the steering wheel. You get the convenience of an automatic, with the exhilarating control of a manual. You choose.

6-speed SelectShift Automatic® transmission with paddle activation

1Severe road conditions and poor visibility can increase the risk of a crash. Driver discretion is advised.
SYNC with MyLincoln Touch offers voice recognition and screens in English, French and Spanish.

It’s easy to connect in here. Conversation flows. Worries fade. No phone to find. No MP3 player to fumble. Just the ease and elegance of open communications controlled by your simple voice commands and touch.

This intuitive onboard system integrates your calling, contacts, music, information, even your personal choices, and displays it all on a vibrant, colourful 8” LCD MyLincoln Touch™ screen. So you can choose your course and focus on your driving. Just say the word.

IT’S NICE WHEN YOUR LIFE AND YOUR VEHICLE MERGE SEAMLESSLY.
Dial and talk, hands-free. Hear text messages read aloud. Scroll through playlists from your MP3 player. Then, say the name of the song you want to hear. And it plays it. The system automatically mutes volume to ensure you don’t miss an incoming call - or a beat.

Phone and entertainment¹

Say the name of your destination and the Navigation System² plots your route. Yes, Lincoln MKX is always looking out for you. And, if an airbag deploys, it uses your own phone to call for help - if you can’t.² Navigation¹ and 911 Assist³

¹Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use SYNC/MyLincoln Touch/other devices, even with voice commands, when it is safe to do so. SYNC with MyLincoln Touch offers voice recognition and screens in English, French and Spanish. Some features may be locked out while the vehicle is in gear. ²Available feature.
²The vehicle’s electrical system (including the battery), the wireless service provider’s signal and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to SYNC, and the 911 Assist feature enabled, in order for 911 to be dialed.
Day in and day out, Lincoln MKX surrounds you in genuine olive ash or walnut swirl wood, and rich, premium leather trim. Feel the wheel: It warms to welcome you. Breeze into your front seats; they’re perforated, heated and cooled. Dial in the perfect position in 10 different ways, including lumbar. Memory settings for 2 ensure that even if you share with another driver, you’ll feel as if Lincoln MKX is tailored just for you.

When you choose to transport others, its generous space pleases everyone. A panoramic Vista Roof opens the entire cabin to enormous views of the passing clouds. Let them watch the city lights while heat emanates through the front and rear-outboard seating positions. And, if need be, take along even more cargo. The rear seats fold down for instant cargo space. Lincoln MKX always puts on its best.

A WELL-CRAFTED INTERIOR WELCOMES EVERYONE. EVEN MOTHER NATURE.
With the accuracy of invisible radar waves, Lincoln MKX can instantly measure and monitor your surroundings, then react.

Without a word from you.

NO “PLEASE” OR “THANK YOU” REQUIRED.

Cruising on the highway in an unpredictable stream of cars, Lincoln MKX can change its speed to maintain a preset gap from the vehicle ahead. Enjoy the drive.

Adaptive cruise control

If the car ahead of you slows suddenly, Lincoln MKX can flash an alert on your windshield to get your attention. It also pre-charges the brakes to prepare for a sudden stop. Save the moments that make your heart race for the best things in life.

Collision warning with brake support

What’s around the next corner? Ease and illuminate night driving with bright, brilliant headlamps that actually point in the direction you turn the steering wheel. They’re more intense than halogens.

Adaptive HID headlamps

---

1Available feature. Driver-assist features are supplemental and do not replace the driver’s judgment.
IS IT ON YOUR RADAR?
JUST IN CASE, WE'RE CHECKING OURS.

A motorcycle in your blind spot. Without a little assistance, you may not know it's there. Lincoln MKX sends out radar to help detect these drivers, then flashes a visual alert in your sideview mirror. When all is clear, you're ready to proceed. Save the surprises.

BLIS® (Blind Spot Information System)

A vehicle crosses behind you as you back from a parking space. You may not see it, but your vehicle can detect it. An icon glows in your sideview mirror, and an audible alarm alerts you. Don't back up. Watch in your rear view camera, and you'll see the passing vehicle. Smart move, not to move.

Cross-traffic alert

Keep moving forward, even in Reverse. The graceful approach: Glance at your 8” colour LCD screen. A vivid image of the scene behind you – projected from a tiny liftgate-mounted camera – helps guide you whenever you shift to R. Your trash can and mailbox thank you.

Rear view camera

---

1 BLIS replaces standard integrated blind spot mirrors.
2 Available feature.
3 Driver-assist features are supplemental and do not replace the driver’s judgment.
Lincoln MKX surrounds you with a solid structural safety cage, 6 airbags (including full side curtains) and our Personal Safety System™ which deploys the front airbags in dual stages to help protect the driver and front passenger. If any airbag deploys or a safety belt pretensioner activates, the SOS Post-Crash Alert System™ unlocks doors automatically, and flashes the hazard lights and sounds the horn to attract attention.¹ And to help prevent spinouts on slippery roads or in emergency maneuvers, Lincoln MKX includes AdvanceTrac® with RSC® (Roll Stability Control™) to help keep you on your intended course? Smooth sailing ahead.

PREPAREDNESS IS THE BEST PEACE OF MIND.

¹SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner. ²Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
Make every drive more entertaining, and reward your rear-seat passengers as they view DVDs with crisp images and outstanding sound. Includes 1 remote and 2 wireless headphones.

Dual head restraint DVD by INVISION™

Listen to your favourites all across Canada with SiriusXM® Satellite Radio² Your 6-month prepaid subscription gets you the best in audio entertainment including 100% commercial-free music from every genre, world-class news, sports, comedy and entertainment.

SiriusXM Satellite Radio²

Experience theatre-quality surround sound and stunning clarity specifically designed and acoustically engineered for Lincoln MKX with 650 watts of power, a 13-channel amp, and 14 speakers including a subwoofer.

THX® II Certified Audio System¹

¹Available feature. ²Lincoln Licensed Accessory. ³SiriusXM Satellite Radio subscriptions sold after 6-month prepaid period expires. Subscriptions are governed by SiriusXM Customer Agreement; see sirius.ca.
Some features are only available when the vehicle is in Park.

Adjust the volume and fan more easily than with a knob. With 10 distinct touchpoints within each slider, simply swipe to quickly change your personal settings.

Touch-sensitive slider controls

Access your music, browse through photos and even watch videos via 2 USB ports, an SD card reader and audio/video input jacks.

SYNC® with MyLincoln Touch™

Quickly take the chill from your hands with a simple touch of the screen. Select from 6 different temperature settings with standard heated and cooled front seats.

Heated steering wheel and front seats

Simply touch the door handle to quickly and easily unlock the doors. Lincoln MKX starts with the push of a button. Just buckle up and press the brake pedal.

Intelligent Access with push-button start

Back up with confidence. A clear, full-colour image of the area behind your vehicle is displayed on the 8” screen whenever Lincoln MKX is placed in Reverse.
