Our commitment to you: Peace-of-Mind Protection

- Basic Coverage: 3 years/60,000 km
- Powertrain Limited Warranty: 5 years/100,000 km
- Corrosion Perforation Warranty: 5 years/unlimited distance
- Roadside Assistance: 5 years/100,000 km

Certain conditions apply. For more information on these warranties and coverages, ask your local Ford of Canada Dealer or visit ford.ca.

Ford Extended Service Plan. Help protect your investment and add to your peace of mind by complementing your vehicle purchase or lease with a Ford Extended Service Plan (ESP). Ford ESP protects you against unexpected repair costs after your Basic Coverage in the New Vehicle Limited Warranty expires by covering many vehicle components. Enjoy the drive even more by complementing your ESP with a prepaid maintenance plan, which covers all required scheduled maintenance for your vehicle, plus 8 wear items. See your Ford of Canada Dealer for details.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your local Ford of Canada Dealer for details or check us out at fordcredit.ca.

Ford Original Accessories. That is properly installed by the authorized Dealer that sold the accessory will be warranted for whichever provides you the greatest benefit: 24 months/unlimited distance, or the remainder of your 3-year/60,000-km New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your local Ford of Canada Dealer for details and/or a copy of all limited warranties.

Comparisons based on competitive models (class is Medium Utilities based on Ford segmentation), publicly available information and Ford certification data at the time of printing. Some features discussed may be optional. Vehicles shown may contain optional equipment. Aggressively styled. Intelligently imagined.

Lively acceleration and passing performance come from a turbocharged, twin-scroll, direct-injection 2.0L EcoBoost® engine. This standard powerhouse produces 245 hp and 275 lb.-ft. of low-end torque. To be more aerodynamic and fuel efficient, EcoBoost models also feature Active Grille Shutters.

**Get outstanding fuel efficiency** with Auto Start-Stop. It shuts off the engine when you stop and restarts it as you release the brake. With this technology, Edge has a rating of 11.3L/100 km (25 mpg) city.¹

**Embrace curves and corners** with the help of electric power-assisted steering and Torque Vectoring Control.² These technologies help give Edge its responsive steering feel and enhance your hold on the road.

**To help you maintain control** of the vehicle and your trailer, trailer sway control³ is included in the Class II Trailer Tow Package.² Pair it with the 2.0L or the 280-hp 3.5L Ti-VCT² and Edge can tow up to 3,500 lbs. (1,588 kg).²

---

¹Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary. ²Availability feature. ³Figures achieved using 93-octane fuel. ⁴Available only on SE with FWD. ⁵Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. When properly equipped.
Undeniably athletic.

Enjoy best-in-class¹ gas V6 horsepower and torque, thanks to the 2.7L EcoBoost® engine standard on Edge Sport. Equipped with this engine, Edge Sport has an unmatched 315 hp² and 350 lb.-ft. of torque,² as well as a fuel efficiency rating of 9.8L/100 km (29 mpg) hwy.²

Exceptional road-holding capability is courtesy of a 4-wheel independent suspension. On Edge Sport, its aggressive look is backed with a uniquely sport-tuned suspension.

For ultimate control, racing-style paddle shifters are included with the 6-speed SelectShift® automatic transmission on every Edge.

Enhanced handling and maximized traction are yours with all-wheel drive (AWD).³ standard on Edge Sport. Plus, every Edge gets Curve Control, which helps reduce the vehicle’s speed by up to 16 km/h in approximately one second if it senses you’re taking a curve too quickly.⁴

¹Class is Medium Utilities based on Ford Segmentation, non-diesel. Available feature. ²Figures achieved using 93-octane fuel. ³13.6L/100 km city and 9.8L/100 km hwy (21 mpg city/29 hwy). ²2.7L EcoBoost. Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary. ³Available feature. ⁴Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
SYNC® 3. The next generation is here.

Standard on Titanium and Sport, and optional on SEL, new SYNC 3 technology brings enhanced next-level connectivity to Edge. In addition to all the voice-activated benefits of the standard SYNC system—placing and answering calls, and controlling music from your USB or smartphone—you’ll love the innovative new features and easy-to-use new interface of SYNC 3.

New hardware meets new software on the easy-to-read 8” colour LCD touch screen that displays phone, audio and navigation functions.

High-speed performance, including a capacitive touch screen with a convenient swipe feature, means you’ll experience quick responses to your touch or voice commands.

Enhanced voice recognition lets you talk with simple, real-world commands and the system responds naturally to your voice, making hands-free calling that much easier.

Siri® seamless integration brings the power of Siri Eyes Free and your iPhone® into your vehicle.

Automatic updates over Wi-Fi™ let you keep SYNC 3 up to date with the latest software as new updates become available.

SYNC. Say the word.™ Standard on Edge SE and SEL, Ford SYNC® with a 4.2” screen delivers many of the great features found on SYNC 3, including:

Hands-free calling that lets you make a call with the simple push of a button along with the sound of your voice.

Automatic phone book download that transfers the names and numbers in your compatible phone automatically, once paired.

Voice-activated music commands that let you say what music you want to hear and listen to it easily with voice-activated search, or say “Bluetooth® audio” to stream content from your phone.

Plug-in capability with your MP3 player, USB or iPod.®

A new capacitive touch screen with SYNC 3 has impressive responsiveness like a smartphone’s swipe feature, as well as pinch-to-zoom functionality within navigation.

Simple music access helps you find your favourite music fast. Through intelligent voice commands, SYNC 3 can automatically switch between music sources.

Easy destination entry within navigation™ helps you locate your favourite restaurants, nearest ATM, closest fuel station and more.

Available feature. Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so. SYNC voice recognition and screens available in English, French and Spanish. Some features may be locked out while the vehicle is in motion. Available feature. You must have a Bluetooth-enabled phone paired to your SYNC system. Optional Navigation System map updates cannot be received via Wi-Fi and require a separate update. Data rates may apply.
Exceptionally tuned.

From its acoustically balanced sound system to its panoramic Vista Roof, the 2016 Ford Edge is designed to significantly enhance your ride.

Quality, comfort and capability all come together. Its finely crafted interior design offers you a heated steering wheel, 10-way power heated and cooled front seats, and 2,078 litres (73.4 cu. ft.) of cargo space with the rear 60/40 split seat folded flat.

Treat yourself and your passengers to the deep, rich sounds of 12 strategically placed speakers with the Audio System from Sony. When you’re not tuned in, the quietest Edge yet benefits from acoustic windshield glass, better sealing of its body, sound insulation improvements and quieter powertrains than its previous generation.

Listen to your favourites all across Canada with SiriusXM. Your 6-month prepaid subscription gets you the best in audio entertainment including 100% commercial-free music from every genre, world-class news, sports, comedy and entertainment.

Available feature. SiriusXM subscriptions sold after 6-month prepaid period expire. Subscriptions are governed by SiriusXM Customer Agreement; see siriusxm.ca.

Busy city streets. Long trips on the highway. High-speed cruising and passing. Crowded parking lots. The 2016 Edge offers advanced driver-assist technologies to help you master these real-world challenges and many more.

**Maintain your lane** with help from our Lane-Keeping System. It can detect lane markings with a forward-facing camera, and can send vibration pulses to the steering wheel and apply steering torque if needed, prompting you to steer back toward centre. There’s also a Driver Alert System that displays a coffee cup icon if it detects you could use a break.

**Get a heads-up** from adaptive cruise control and collision warning with brake support! This system helps maintain your choice of 4 preset gaps from the vehicle in front of you and can alert you to a potential collision. If one is detected, it flashes a warning on the windshield, sounds an alarm, and helps by pre-charging the brake system.

**Stay alert to traffic** detected in blind spots as you drive forward, or traffic nearing either side of the vehicle as you slowly back up, thanks to BLIS® (Blind Spot Information System) with cross-traffic alert! BLIS helps warn you using lights embedded in the sideview mirrors. Cross-traffic alert uses the same lights, plus an audio warning and a message centre notice. Edge technology is all about empowering you.

**Make an informed approach** using the front 180-degree camera with washer. Just press a button on the instrument panel to engage the front grille-mounted camera to help you see around corners, down alleys and even when you’re pulling out of parking spots.

Titanium. Too Good to Be Blue Metallic. Available equipment.
Easily manoeuvred. And powerfully uplifting.

Perpendicular. Parallel. Backing in. Heading out. Edge offers advanced technologies* to ease you through all sorts of challenging situations. Enhanced active park assist with side parking sensors* helps you find a spot and steers the vehicle into place, while you control the gear shifter, brake and accelerator pedals. It can steer Edge out of tight parallel spots too. And alert you to obstacles near the sides of the vehicle along the way.

New adaptive steering* dynamically adjusts the steering response of the front wheels based on how fast the vehicle is moving. It helps make Edge even easier to steer at low speeds and more responsive at highway speeds.

For easy access to the cargo area, just kick your foot under the rear bumper with your Intelligent Access key fob tucked in a pocket or purse. The foot-activated hands-free power liftgate* detects the motion of your foot and the proximity of the fob, then opens or closes.

Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. *Available feature.
Standard Features

**Mechanical**
- 6-speed SelectShift® automatic transmission with paddle activation
- 4-wheel independent suspension
- Electric power-assisted steering (EPAS)
- Engine block heater (EcoBoost® only)
- Hill start assist
